## == Hoist The Ads Updates ==

Looks like the voting is done, and the results are in! @gingerlyvibing was kind enough to break down how much is going where.

Just a reminder-- you all made this happen! Everything over the \$10K it cost to get the billboard is going to help out these awesome charities!

Funny enough, apparently one of the trucks still has the ads on it

Over 82K -- going slow, but still ticking up! Takes time all, especially since we're focused on the networks right now. Don't give up!

== Hunt For The Pirate Home Watch Party ==

Had some great turn out all over the world today for the Hunt For the Wilder People watch party. Thank you again to @dandebakes on twitter for getting those coordinated!

Saw some great trends during it, and a lot of people having fun. If you haven't actually seen the movie, I highly recommend it, it's incredibly good!

## ==General Morale==

So despite things being fairly quiet today, the general vibe from folks has been that we're just in a holding pattern and we're just gonna keep clowning and polite menacing until we hear more word.

## == Other Cancelled Series Comparisons ==

Something cool that I saw more of today was several groups doing comparisons with other cancelled TV Shows. Thank you to [@OFMDCrew](#) for these stats on twitter.

**OFMD Fan Crew** @OFMDCrew · 3h ...

A lot of people have been discussing other cancelled TV shows on here. In case anyone was curious, here's the stats on some of the shows that have been mentioned so far (plus a couple others). #SaveOFMD #AdoptOurCrew

After they were posted, I did hear conflicting feelings on these (some felt it helped raise their mood, some felt it made it worse). So I wanted to point out a few things:

1. We've done a hell of a lot in 3 weeks (and signatures were our priority for most of the first two weeks, but once David Jenkins lit the beacon 8 days ago, we changed our focus).
2. We had a leadership change mid--all of this with Renew As A Crew.
3. Oh and there's other stuff in the world going on (Palestine)
4. As @saltpepperbeard says in their post "David only posted his "call to arms" just a little over a week ago. Eight days ago." So much has changed and we've STILL accomplished so much in that time too.

## We are kicking ass, we really are, I promise you!

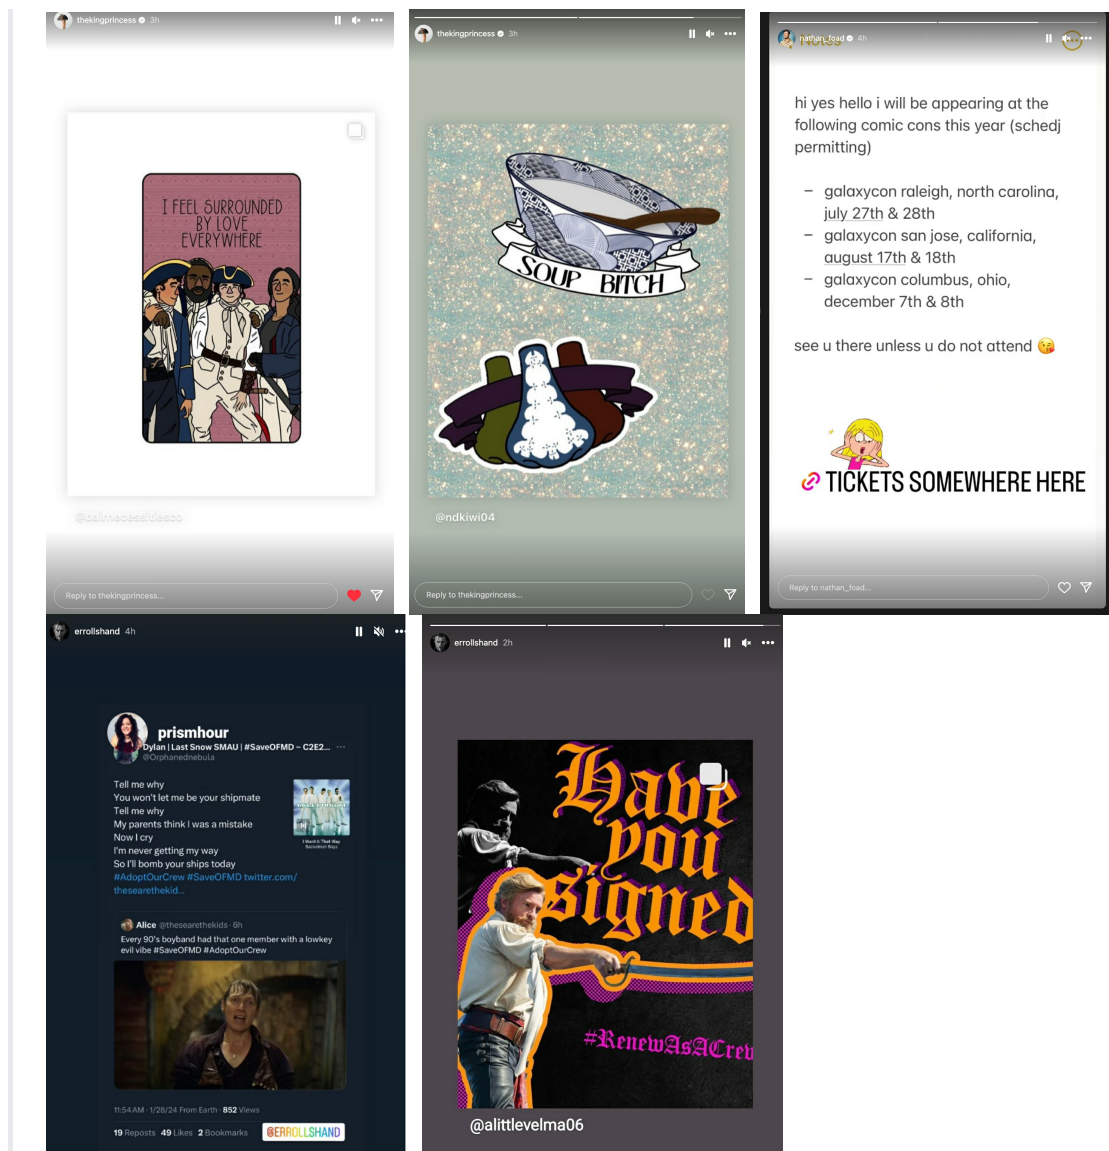

Across Twitter / IG / and Tumblr, several people have mentioned they feel like something's "in the air". That's totally a second hand "I have a feeling" thing but as you probably remember, quite a few of us had that as a bad feeling the morning before the show got cancelled.

Now, if you're not into that kinda thing-- I would like to mention, that could just be because this crew is so fucking awesome, and that's why the vibe is so good-- because we're leaning on each other and take care of each other.

Also when lovely people like @saltpepperbeard (as referenced above) write lovely responses to asks that can always help too. This post made ME feel better, I recommend giving it a [read for a little perspective](#) :)

## == Cast & Crew Sightings ==

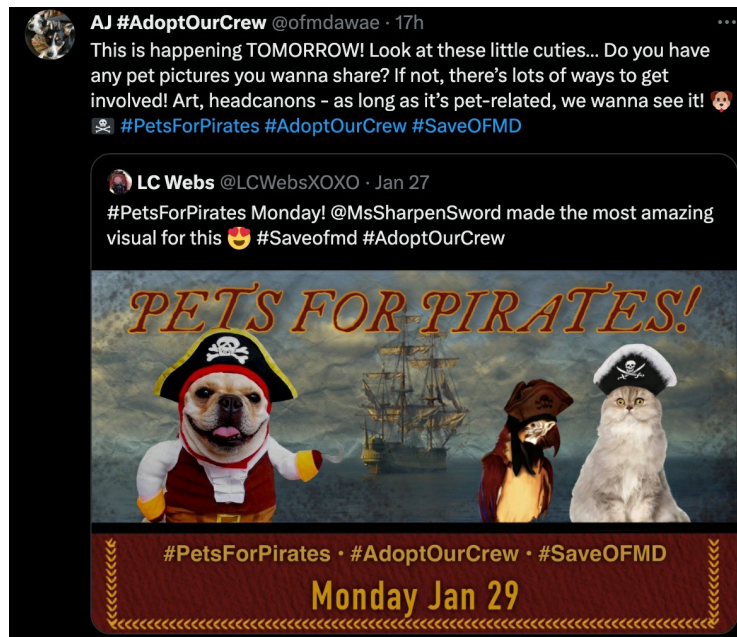

1. The weekend is still pretty scarce as usual. Our pirate queen Ruibo Qian has been enjoying a lot of everyone's artwork lately.
2. Nathan Foad announced his con dates
3. Renewal Campaign Related: mostly seeing updates again from our boi Erroll Shand supporting the campaign.

## ==Love Notes==

I know, I know

"Jeez Abby, Shut Up We Already About How Awesome We Are"

Well good! Cause you should!

But that won't stop me from saying so again!

I'm serious when I say the vibe is so good right now in general because we have such a great crew. You all take such good care of each other and it shows every single day.

You helped raise an extra \$11,578 that are now going to charities that are going to help so many families, and kids, and that's just from the extra stuff from the Hoist The Ads Campaign -- not including everything else going on.

I'm going to include a picture from one of my favorite people@thelatestkate because she does awesome work, and this one applies significantly to all of you. <3

it's a better world  
because you exist
