I wish I knew how to check IG and Tumblr stats, so if you do please add to this!

And that's only a fraction of how much everyone has contributed to the community with kindness, solidarity, creativity, support, humor, analysis, ingenuity and so much more!

You all are making ripples that are cascading across the whole damn planet and your voices are being heard.

Special thanks as always to [@renewasacrew](#) who are some of the many captains (and certainly most influential) of this mighty fandom battle freighter. Please send them all the love because they are leading the charge everywhere.

Every single last one of you should be proud of yourself. Please remember to drink some water, have a shower or a bath and get some sleep. We've all said it before, but I'll say it again; no matter what happens with the renewal, you have made such an immense impact on so many people's lives in a positive way and we are all so damn proud of this community.

Rest and recoup lovelies, we all have a big day tomorrow.
