Another Rhys Video on Cameo! This one in particular had a lot of folks clowning today. You can watch the [video on cameo](#)-- it's the newest one 3:51 seconds long with him in the hat and the red shirt. I tried to download it and upload it, and tumblr literally lost all my drafts because of it, I have no idea what happened so I'm not doing that again lol. Instead, here's the short video of what triggered the clowning.

mbodybramen is it cosplay day? I just happened to buy some jeans, but similar to Lucia's one, and from there it spiraled all by itself

Sadly mine was probably too niche - most folks at ECC had no clue.

So is it cosplay day? 🥰👍👍

I am not very good at cosplay but this Halloween after I saw the Calypso's birthday episode I was so mesmerised by @KristianNairn as Calypso that I had to recreate the look best I could within a week...

Aim is to encourage BBC radio listeners to check out the show. Focus on how excited you are that Season 2 is now showing on the BBC.

3 ...be restrained!

Text or email one song request to one station per day. The BBC is our friend right now and we don't want to turn them against us by being a nuisance. Polite menace hats firmly on!

== STATS STATS STATS ==

As always, special thanks to our dear friend [@meowzawowza_](#) over on twitter for their constant stats updates

Probability of a Show Being Renewed with a Demand Multiplier of 20x

(United States, 2015 - 2022)

Questions? Write to charts@parrotanalytics.com

Methodology Note: The probability of a show being renewed was estimated by a logistic regression model using a dataset of 1478 shows released between 2015 and 2022 in the US. The model looks at the average daily demand for a show in the first 60 days after the release of its first season. A show is considered not renewed if its first season was released more than 18 months ago it hasn't had a new season. Miniseries and limited shows were not included.

== More Clowning ==

So today I learned of this "Honk Weather Control Center" account on twitter (@HonkForecast) and I have to say it's pretty great. So far for several days they've had "clown" forecasts for how much we should be clowning. Love it.

== Morale ==

Definitely head on over to [Rhys' New Cameo video](#) if you haven't already because as always his sunshine is a big ol dose of Vitamin Darby right to the soul and there's nothing that can replace that feeling!

== Love Notes ==

Done with your Rhys love? Great! But now you have to endure my unconditional love as well!
Maniacal laughter

Are you aware that you are so very loved, my dear?

But also, did you know you're worthy of love?

All the love--- Like every kind you want (platonic, romantic, parental, agape, etc)

You are not difficult to love. Not at all.

You are not too much, or too little,

you're exactly the right amount,

and you are worthy of love **just the way you are.**

I've probably said it before, but I want you to know just how imperfectly perfect you all are, and every moment of every day you **deserve love and happiness and everything you want in life.**

The world is such a better place with you in it and all of your crewmates want you to know that. We care for you deeply my friends.

You matter, don't ever forget that.

Night lovelies <3

PS: I never say it but thank you for all the lovely comments in the tags! They always make me smile, yall are the best!
