Thank you to [@lowrah](#) has put together detailed instructions for [Rotten Tomatoes](#) and [IMDb](#):

## Rotten Tomatoes

1. Go to <https://www.rottentomatoes.com>.
2. Click "Login/Signup" (PC) or tap "My profile" (mobile) and enter your email address or link up your Google account.
3. Check your email inbox for the verification email. Click/tap "Verify my email address" and choose whether you want to sign up to the newsletter.

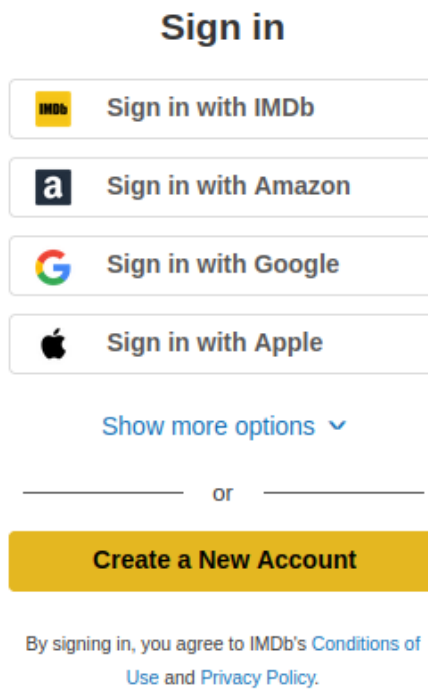

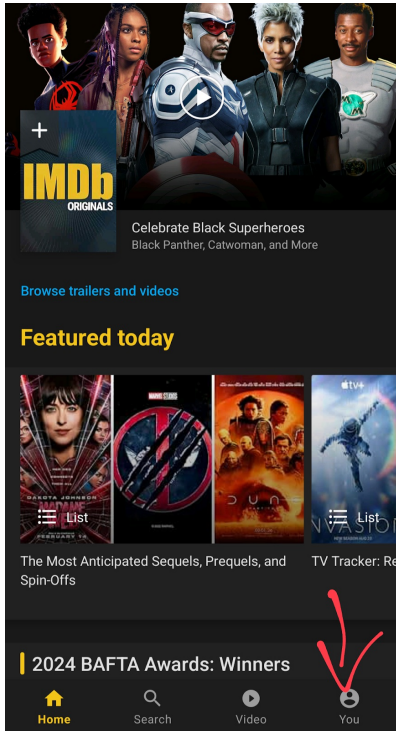

4. Search 'Our Flag Means Death' or follow [this link](#).
5. Scroll down or click/tap "Seasons", then go to "Details".
6. Scroll down again to get to the Audience Ratings sections, then click/tap "Post a review".
7. Rate each season and describe what you loved about it! Hit "Submit changes" to save. Don't mention the petition, as it could get your review flagged as spam.

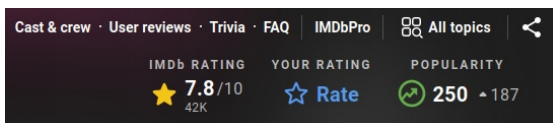

8. **Rate and/or review a few other shows or movies** – it's not entirely clear whether Rotten Tomatoes takes this into account, but it definitely can't hurt, and leaving a rating only takes a few seconds.

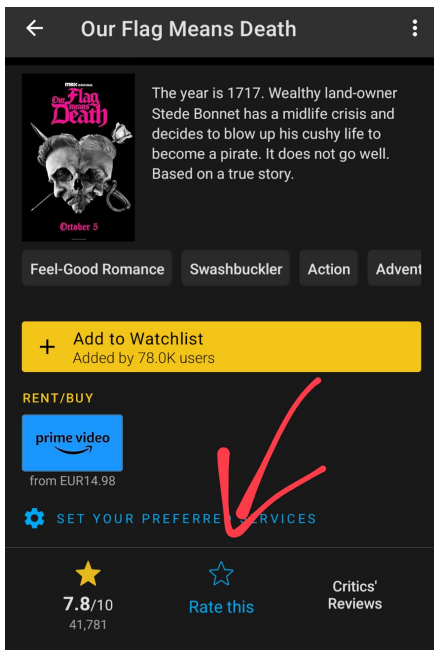

# IMDb

1. Go to <https://imdb.com> or download the IMDb app on Google Play / App Store.
2. Click "Sign In" (browser) or tap "You" (app) to create a new account or sign in using any of the other accounts shown.

3. **Check your email inbox** for the verification email. Return to IMDb and fill in the code to verify your email address.
4. **Search 'Our Flag Means Death'** or click here: <https://www.imdb.com/title/tt11000902/>
5. **Give your overall rating** for the show.

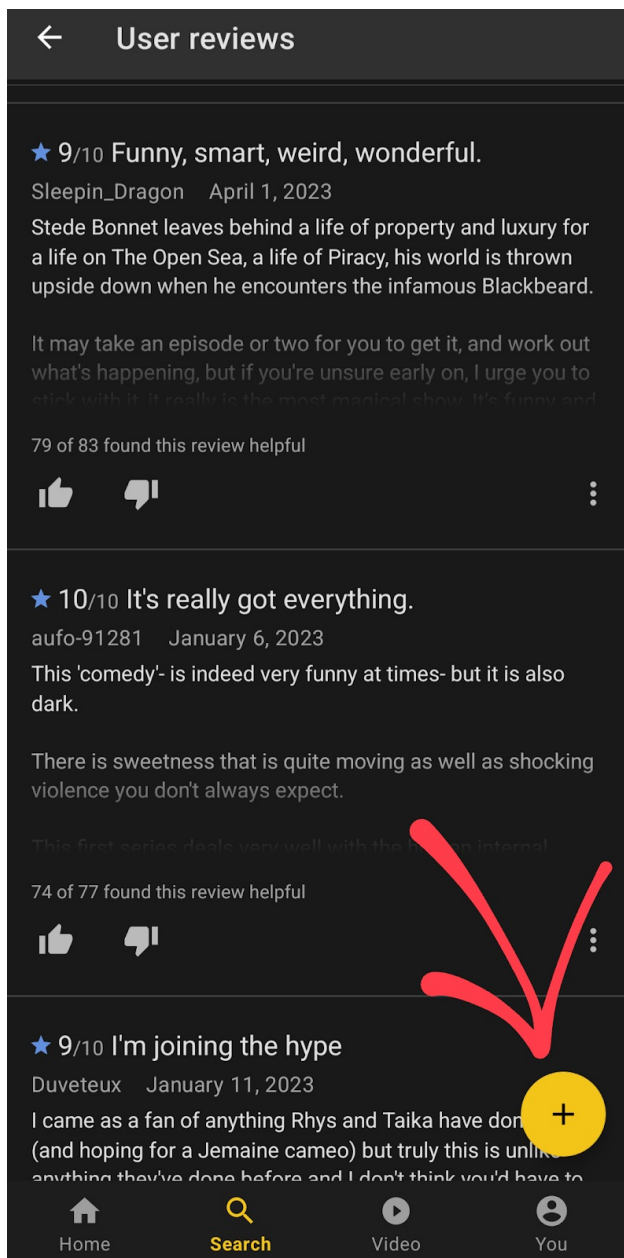

6. Go to 'User reviews' and click "+ Review this title" (or tap the + on the app); write an honest but positive review (600 characters or more).

**Please Note: Do not mention the petition**, as it could get your review flagged as spam. If you can't leave a review yourself, scroll through other people's reviews and mark the positive ones as helpful/the negative ones as not helpful.

7. You can also rate each individual episode: **select “Episode guide”** at the top of the page and rate each one. Find your favorite episode(s), go to ‘User reviews’ and write your own episode review! Make sure you write a unique review for each episode to avoid triggering the spam filter.
8. **Please Note: Important! Rate and/or review a few other shows or movies**– otherwise IMDb’s algorithm will give your reviews less weight. The “More like this” section is your friend!
