- Sailing training, stunt training, sword fighting together helped bonding

Original Script / Deleted Scene Stuff:

- **In original script:** Roach was going to end up with the crew of revenge, but then changed the script cause Samba would look like a kid who stole his dads jacket, so Frenchie was cap

Other deleted scene:

- Kristian saying "its sizest" doing big guy stuff
- And roach says he's stuck doing tall skinnhy guy stuff
- Pete asks if he's stuck doing bald guy stuff

More Deleted scenes:

- Ewan zip lines over first and yells: "I was born to fly"
- Roach zip line screams quietly cause they tell him to be quiet, and then he lands and says, "why its so sticky I wanna go back", and he tries to get back on the rope but Frenchie flies in and knocks him over.

Another Delete scene:

== Love Notes ==

Hey lovelies.

Have you had any water lately? Did you get to go outside and take a walk? Please remember that you need breaks sometimes, even if they're only a few minutes here or there.

You deserve rest-- and when things get rough, your brain needs a couple minutes to reset.

Remember to take care of yourself and practice some self-care.

Self care means fun too!

Do something you enjoy that makes you smile. I'm not a fan of sticker/sticky things-- but I know a lot of people who love googly-eyes so I figured this was appropriate.

Anyway, gnight/gday crew, have a lovely one.
