==Pets for Pirates==

There was an AMAZING turnout today for #PetsForPirates. If you wanna checkout the thread on twitter and you have a login you can visit: [#PetsForPirates](#)

TW: There is a Spider in there, I put it near the end in case you wanted to skip by (I love spiders but just wanted to warn because I know there are some folks with phobias)

Here's an actual parrot for [#PetsForPirates](#) because it's pets and pirates day and I just remembered that I live with an actual parrot.

 Hey @netflix, Ivan wants to play a game called, stark revelations, but it sounds absolutely pedestrian.
 It is a Parisian game after all...

of course 4:30 am is the best time for this!! this is Kismet 😊 she would've dealt with the indignity better if her baby brother wasn't all in her space.

Meet our #PetsForPirates! Tall, dark Fivey was grumpy and lonely until little Neelix with his unique hairstyle came to us from his previous home where he had been restless and uncomfortable. Now all they do is cuddle all day. Remind you of anyone we know?

My last godchild not of the furry variety (much love to them) is Pincher. He's an Asian Forest Scorpion. He's kind of a prickly loner but just wants love. Izzy coded anyone? #SaveOFMD #PetsForPirates

AJ McKay @ajmckay · Jan 29

M god-frog is Stede Ribbit (they didn't name it just called him Frog and I insisted on a better name for this derpy fella). He definitely looks like a polite menace. 🐸🐸🐸 #PetsForPirates #SaveOFMD

AJ McKay @ajmckay

Using a spoiler due to tarantula. This Curly Hair god-spider is named Curler (again a 9 year old is naming) and he's kind of cool. Roach would be besties with the guy I know it. Just vibes. #PetsForPirates #SaveOFMD

AJ McKay @ajmckay · Jan 29

Professor Pinky rattled her cage until I remembered her presence. She's a pink toed tarantula (filtered). I love her as she was the first spider in my best friend's home and my fave god-spider. I bet Wee John would love her flash of color in his show. #SaveOFMD #PetsForPirates

Meet Fraulein Freckles my next godchild I'd like to share. She's also a crested gecko. She's always hungry and loves to let you all know she's there. Bet she'd like soup...maybe Garlic Soup? 🍲 #SaveOFMD #PetsForPirates

AJ McKay @ajmckay · Jan 29

We are going to visit Dave again. He might be Calico Jack coded but he's just as adorable as our CJ! #saveofmd #PetsForPirates

AJ McKay @ajmckay · Jan 29

This is my god-beetle named Phil. He's a blue death-feigning beetle and he's pretty chill. Lucius and Izzy both would love this guy. #PetsForPirates #SaveOFMD

AJ McKay @ajmckay · Jan 29

This lil regal jumping spider would probably be walking the plank, but I promise she's harmless. Meet Lucas (sorry 9 year old named her - they are not very original 😅) my lovely god-spider. Look at those cute lil eyes... 🐞 #PetsForPirates #SaveOFMD

Say hello to Olive! I know Ed would only think she's good for eating at his bar and grill, but I promise my rosy boa god-snake is sweet as possible.

Kittens have been summoned for [#PetsForPirates](#) day! [#RenewAsACrew](#) [#SaveOFMD](#) [#AdoptOurCrew](#) four pics, Artemis, Athena, Isaac, and bonus Athena with her paw on my nose.

The main cast sighting I'd like to point out today is the lovely Damien Gerard, our Father Teach, participated in the [#PetsForPirates](#) with his sweet babies! It was so sweet to see him coming out to support everyone! Thank you [@damientgerard](#)
