Hey all. I'm starting out with the how to help section tonight because there are some things we'd love to see happen to try and help with the renewal.

== HOW TO HELP ==

= Rotten Tomatoes Reviews =

Okay all, this is a big one. It's been brought to my attention by @bzy_hands on twitter, that there are less than 1000 reviews on rotten tomatoes for Season 2. They have an excellent point, Con DID screenshot Season 2. If you haven't already, please go over to Season 2 and review it to help get over that 1000 review mark.

Need help on how to review on RT? @lowrahh Was kind enough to make a tutorial for us, check it out on the repo: [Review on Rotten Tomatoes and IMDB](#)

== Let's Get OFMD On Gogglebox ==

Our crew-mate @queerly-autistic was kind enough to have written up a How-To on getting OFMD on Gogglebox!

"One of the biggest things we can do to try and get *Our Flag Means Death* picked up by another network is keep making noise about it, and so I had a wild middle-of-the-night idea about one way we could do this: try and get the show on *Gogglebox*! For anyone who doesn't know, *Gogglebox* is an extremely popular and successful show in the UK on Channel 4, where ordinary people (and sometimes celebrities) watch and react to television shows, pop culture moments and films."

Wanna give it a go? Please check out their [tutorial here!](#)

== Cast & Crew Sightings ==

==Taika!==

It's been a minute since we've seen Taika! But he's out with Rita at the Taylor Swift concert.

= Rhys Darby =

Well, even though Rhys is taking some time off until March, we still have some Cameo's coming in from prior to him closing cameos!

= Cameo 1 - Cryptids! =

Thank you to [@iamadequate1](#) for sharing this fun little cryptid video +

= Cameo 2 =

Our friend [@blackcravatart](#) over on twitter was kind enough to share a birthday video for her (edited for names). I don't know if it's anywhere else and I didn't get permission to download it, so I apologize I'll try to do that and get back to you if we are allowed to share it elsewhere! = Red Dead Redemption 2: Episode 3 =

The next exciting episode of Rhys playing Red Dead is up!

== Love Notes ==

Today has been a long day lovelies, and I'm out of spoons so I'm gonna take a night off from writing out love notes and spread some from someone else. Just know I'm very proud of you for everything you did today, I hope you're doing well and feeling safe. <3
