== Loves Notes ==

I apologize lovelies, I think the last few days are finally catching up to me so I'm going make this short tonight.

HOWEVER, I WILL SAY -- I saw so much Safe Space Ship today and it warmed my heart so much. So many of you are reaching out to crew-mates and giving encouragement and I'm so very proud of you <3.

Seriously, I don't know of a better fandom out there (and I've been in a quite a few in my day) where there has been so much acceptance and support.

I know we're all struggling a bit with disagreements/concerns over renewal efforts, but you all are still just out there giving love left and right. You really are just the most amazing group of individuals and I'm so honoured to be here with you. I've probably said this a thousand times, sorry but it's what runs through my head whenever I see the love you're sending out.

I am going to take the advice of [@thelatestkate](#) and sign off and go get some rest.

See you all in tomorrow-world, love you dearies <3
