Hey all! Thank you so much for your feedback on the recaps! Right now I'm planning on sticking too them, but may cut them down depending on the day. Right now we seem to be pretty solid on daily news so I'll keep them the way they are for now. I appreciate you all sharing your thoughts with me <3

Thank you so much to @gheyandwoke on Twitter for getting a cameo from Samba! It's absolutely beautiful and totally worth a listen.

After Dad said it was time to stand down, the only productive thing I could do with my sadness was ask Samba for help. I requested a cameo and he shared the most beautiful words in the world for me. They're words for all of us too right now

Lyrics:

Set your eyes upon the screen

A wondrous sight to see

This is "La Vue en rose"

Londoners from far and near

Will likely shed a tear

To see "La Vue en rose"

The petition climbs so high

No streamer can deny

The power of our show

We'll spread the word about our pirates dear

Until the fandom at last perseveres

Look upon the lovely sight

To keep our hope alight

== Continued Efforts ==

So even though Chaos Dad, David Jenkins told us there was no more home, several people are still out there fighting the good fight. There's been a few different routes being taken.

1. Sell The Show, Let Us Go

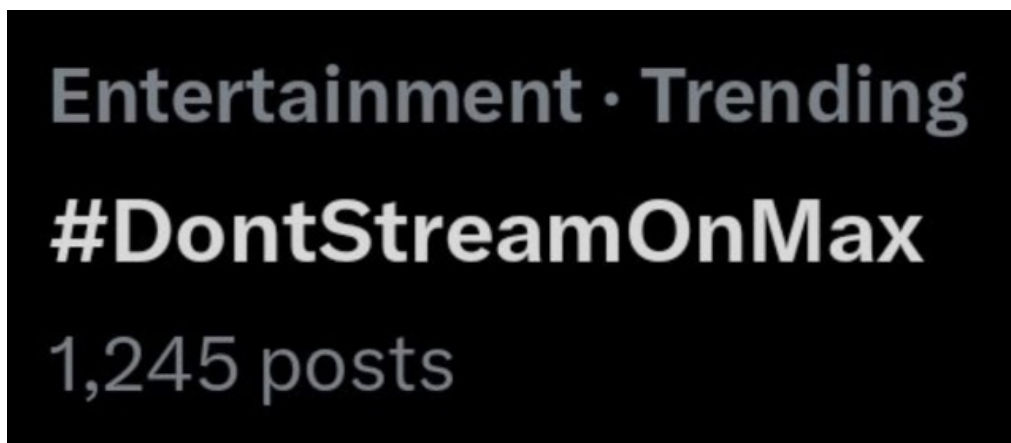

Our crew-mate [@patchworkpiratebear](#) has been putting out lots of awesome media regarding this, and several people on twitter have been using [#SellTheShowLetUsGo](#)

2. There's been continued and more targeted Polite Menacing against Max, WB, and David Zaslav.

Lots of folks have been either responding to Max's Twitter / IG Post, and others have been focusing specifically on Zaslav.

Specific hashtags being used were [#FireDavidZaslav](#) and [#DontStreamOnMaxThank you to @iamadequate1](#) for capturing all these great trends and metrics:

== Love Notes ==

Hey lovelies. I know that the new photos were both a welcome gift and also a heavy reminder of where OFMD is and what we've lost. For some it's helping them rally, and for others it's really pulling them down deeper into the gravy basket.

Wherever you are, just know it's gonna be okay. Whether we get an s3 or not, and if we do 10 years from now or next week, it's going to be alright. As so many others have said, including our lovely Con O'Neill, they can't take what we have away from us.

I continue to hear from the cast & crew in all their posts that we are some of the much amazing, kind, and engaging folks they've ever met, and you really should be proud of yourself for that. Our cast & crew are wonderful, but the fans are too.

On a slight side note, please if you can, check on your crew-mates today. The initial shock is starting to fade, but a lot of folks are still struggling, or coming back to struggling after a period of being okay. We're all riding the waves right now lovelies, and it'll take some work but we'll get through the storm, but it'll be easier together.

Our friend [@thelatestkate](#) has another lovely note for us.. and I second it. We are all weathering the storm right now, but you belong here, and we love that you're here with us, through tears or laughter, or unhinged fun. Be kind to yourselves lovelies, we are small but we are many, and we all care about you, I wish Sweet Dreams / Happy Days for you <3 Love you Crew.
