## Cryptid factor - World Exclusive

So Rhys, Dan, and Buttons revealed never before seen footage by Tchic Kellys from back in 2018 of the Lochness Cryptid!

- You can see footage on their [Patreon](#) (the full 2hr+ episode)
- [Edited version of the podcast on Spotify](#)
- [Short version on Youtube](#)

The image shows a Spotify promotional card for 'The Cryptid Factor Radio Show'. At the top is a circular logo with a yellow and purple cryptid character, the text 'the CRYPTID FACTOR', and 'radio show'. Below the logo, the text reads '#088 The Illusive Exclusive Issue The Cryptid Factor'. The Spotify logo is in the bottom left. At the bottom, it says 'Out Now! I'm not shouting!'.

Rhys Darby reckons new footage could finally solve the mystery of the Loch Ness Monster

And of course Rosie's gotta pop in with some snark, I love that woman.

## = Love Notes =

Hey Lovelies. Been a lot of excitement today, certainly a lot going on! Rhys' birthday week, actual footage of something in Lochness, podcasts, billboards and movies, oh my! I know some of us are struggling a bit with some personal stuff, it's a hard time out there. It hits harder too when you get all this fun dopamine from the internet, then you turn around and look back at normal life and things are tough.

Remember to be kind to yourself lovelies. Things aren't always going to go the way you plan or want. It's okay if you can't get out of bed today. It's okay if you scroll on your phone and get your dopamine from goofy ass pictures of celebrities. It's okay if you get up and you brush your teeth, but just can't make your breakfast.

Eat something simple. Drink some water, lay down for a while. Little things build to big things. If you can't do laundry today because you don't have the spoons/motivation, then don't do laundry today. Just remember to change your underwear if you have some clean ones cause you don't wanna get a UTI.

If all you can do today is exist, you're doing great. You're doing better than great, you're fantastic. Tomorrow you can do a little bit more, or a little less, depending on what you need. Just be kind to yourself and give yourself grace; the world is hard enough as it is, you don't need to beat yourself up for struggling with very real issues.

Thank you all for making the past few weeks tolerable, I appreciate that so much. It's keeping my brain chemistry in a spot that's healthier than is used to be. I hope you all know just how wonderful you truly are, and that me and the rest of the crew are rooting for you every day. We're here, we love you <3 Stay well.
