Dear Taikaholics,

✨ We have great news! ✨

As planned, we send our co-captain the Kudoboard link on March 20th

Our Lovely Letters have reached Taika! We can't confirm whether he ran across a beach yelling about them, but we can confirm via a trusted source that he saw them, and loved them

Your messages were all beautiful and lovely ❤️

== Stats ==

Thank you @/meowzawowza_ on twitter for these awesome stats!

Melissa - #LongLiveOFMD @meowzawowza_ · 10h

Looking at PA's top content trends across Latin America & #OurFlagMeansDeath was one of the top series to premiere in that region during Q4. It was 1 of only 2 HBO Max series (the platform still went by that name in Latin America at the time) to crack the top series premiere list

Taking into account only the TV series that premiered a new season in the quarter, *Loki* was the most in-demanded release in the region considering the average demand during premiere month. Netflix had the highest number of titles in the Top 15 with four spots. Additionally, this was a good quarter for animations, with 4 shows reaching the Top 5 most in-demand with *Invincible* and *Scott Pilgrim* being the only digital originals.
