== Love Notes ==

Hey Lovelies. I hope you all are having a relaxing weekend. As you can see things have been slow over the weekend. This is a great time to fill out some Kudoboards for the other cast and crew if you feel so inclined :) Tonight I'm gonna do something a bit different. I've read a lot of **Thich Nhat Hanh** over the years and there's a quote I really love from the book, Reconciliation: Healing The inner Child.

"Go back and take care of yourself. Your body needs you, your perceptions need you, your feeling needs you. The wounded child in you needs you. Your suffering needs you to acknowledge it."

This is something I've spent a lot of time thinking about, the little me, and what she went through. I recently played this meditation by Taika for myself, but thought, "well im not a kid any more is this

really for me?" and you know what? We could all use a little encouragement, even if we aren't that little anymore. Whether you play it for you or play it for the little you that was, it's just something nice and calming to try.

Anyway, something a bit different tonight. Hope it brings you some joy. Love you crew, thinking of you <3
