- [Warner Bros. Discovery \(NASDAQ:WBD\) shareholders have endured a 80% loss from investing in the stock three years ago](#)

## == Love Notes ==

Today was a rough one lovelies. I've heard quite a lot of folks mention how hard it was. I know I'm not perfect, and I don't mean to act like I am. I'm flawed, you're flawed, everyone is flawed. It's how we grow and learn from each other that matters. I try to help, and I may not always make the best decisions first, but I am trying to learn for next time. I know you all are too. I hope you give yourself, and other people give you some grace while you learn and grow. You are not one decision you make. You are a hug conglomeration of everything you've learned and you're doing so well. Even on hard days when it feels you're not.

The best thing that helped me get through today was all of you and laughing my ass off with some dear crewmates late into the evening. That meant the world to me. So please, every one of you, go laugh if you can. Find a friend, find a tv show, write yourself a silly joke. Laughing can help you brave the strongest storms.

Sending love crew, I know it's been a tough one. I believe in you, get some rest and hit the ground

running tomorrow <3
