

Discord Spoiler Warnings

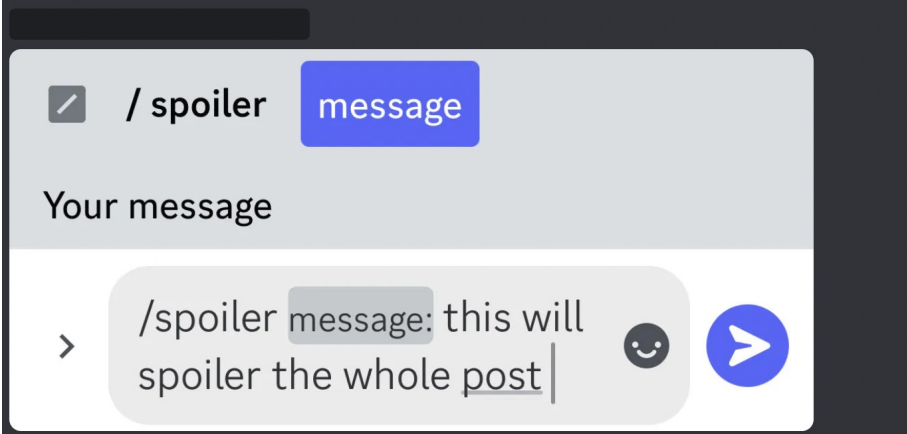

03/31/2024 12:22 pm EDT

Ty @Jackiez_noses for the instructions!

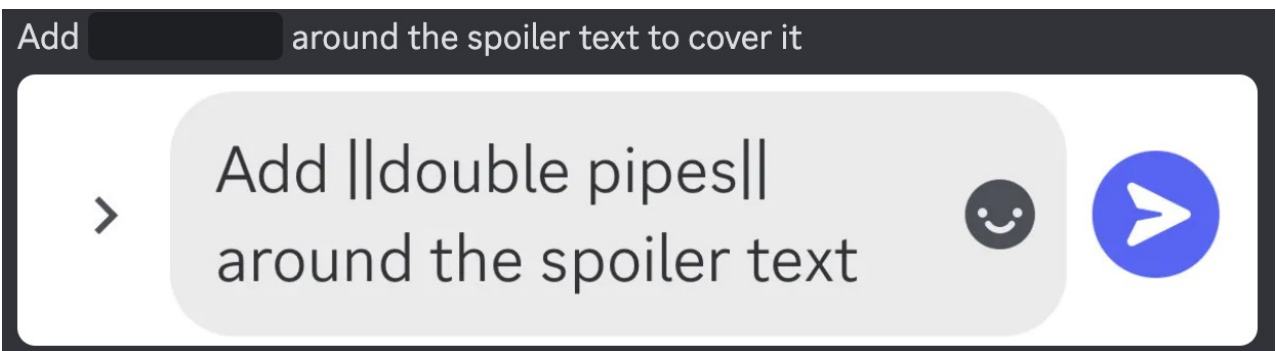

Mobile Instructions

Entire post

You can also make your whole post a spoiler by typing /spoiler at the beginning of your post to bring up the built-in function (edited)

Only Certain Words:

Desktop Instructions

Instructions on how to use spoiler on desktop:

In addition, if you need help with spoiler tag tutorials, you can add the spoiler tag by clicking on the eyeball here. And to add spoiler tags about text, highlight the text and click on the eyeball there too 😊 (edited)
