As his feelings for the man grow, so do his suspicions that this stranger is aware of this cosmic insanity too.

## == Adopt Our Crew ==

Our darling crewmates over at [@adoptourcrew](#) gave us a brief snyopsis of what's been going on at WBD. [Article Link](#)

performance would presumably result in a swift termination, or at least invite scrutiny from the board. Instead, WBD tweaked Zaz's contract to link his compensation to free cash flow, and in 2023 he netted \$49.7 million. To most observers, these financial tactics make him the perfect avatar for bumbling, destructive corporate greed. To others, he is the exemplar of a ruthless, Welchian business savvy. And yet, even the most charitable view of Zaz's stewardship can't negate the litany of very costly unforced errors he's made along the way.

## == Love Notes ==

Happy Weekend Lovelies! We're finally at the end of the week-- tomorrow starts a new day, with new chances and new hopes, and new dreams-- maybe this week will be a little better than last week. I hope it is -- even if last week was good for you <3

You know what I really loved about our little gay pirate show (you know, aside from everything)? It showed us that we don't have to be what we are today if we don't want to. That doesn't mean it'll be

a quick change, in fact, it'll be a pretty long journey depending on what it is, but it showed us that things CAN change.

It gave us just that little bit of hope, that things don't have to stay the way they are, and that little bit of hope is the spark of so much possibility.

It's gonna be a journey luv, and its gonna take a lot of work and healing, but we'll all get to where we want to be <3 Sending love.
