

About Us

06/16/2024 6:58 pm EDT

Hi there! My name is Abby!

I'm a fellow fan of Our Flag Means Death, and after the cancellation news I decided to set up this Repository to help collect the Renewal efforts of my fellow fans! One of the things I noticed at the beginning of the renewal efforts for Season 3 was that information was scattered across all the Social Media platforms and it was really hard to find everything that was going on. So I decided I wanted to have a place where people could go if they wanted to, that didn't require a log in, to see the daily/weekly/history of our Renewal efforts.

I am not currently part of any official Fan-Led crew such as Adopt A Crew, Renew As A Crew, SaveOFMD Crew. I have worked with crews in the past and continue to do so in order to help track Renewal Information, Share WatchParty News, and keep this repository up to date so that fans could find more information with the various fan-led efforts. I am however in the process of archiving some Fan-Led Efforts of previous crews in order to not lose track of some of the wonderful things people have done.

I do not make any money on this site, and there are no ads, it's truly just a place of love.

I do daily/bi-daily OFMD Renewal Recaps that can be found in the appropriate folders to keep you up to date. If you'd like to submit anything to be spotlighted or corrected, please feel free to reach out to me! At this time my contacts are as follows:
