So Rhys has decided to send us all to Costa Rica again.

The running theory as to WHY Rhys has decided to give us a topless shot is because of this lovely post by our dear crewmate Moosh, where they requested we post tits on the tl when WBD got down to below \$7.

let's all post tits on the tl when they go below \$7

Now that was back on June 17th. Guess what just so happened to happen on June 18th?

So yes, the current theory is that Rhys quite literally did #TitsUpWBD for all of us. Just. Wow.

It's here! After I spent some time being very annoying about it, my distributor agreed to put out a version of our film on DVD with special features on it!

I'm a big physical media dork, so this is a huge deal to me.

Adopt Our Crew | #AdoptOurCrew @adoptourcrew · 2h

Warner Bros Discovery Falls Apart, according to [@247WallSt](#).

WBD "...was supposed to have the assets to make it the industry leader, perhaps even ahead of juggernaut Disney. Instead, the cobbled-together company's stock has fallen 43% in the past year..."

[#HowLowCanWBGo](#)

Streaming is among the most essential keys to the future of big company media stocks. Warner Bros. Discovery beat expectations in terms of subscriber count last quarter. However, the CEO described the hurdle he and his rivals face. David Zaslav said, "The churn is the killer in this business and we've been hyper focused on it. Adding bundling has been a big helper to decrease the loss of customers. We need to go at this ... in an attack mode." He has started the effort to keep customers by "bundling" with a deal to marry his Max streaming service with Disney+ and Hulu. The jury won't be in on how that performs for several quarters.

== Love Notes ==

Hey there lovelies! I realise it's a double day today but I wanted to say Happy Juneteenth to all our crewmates out there. This really is an important day in American History, and it continues to highlight each year why it's so important we learn from history and we don't white wash or shy away from the hard topics of our past.

Today I'd like to share some quotes/love notes from Cole Arthur Riley, and some of histories brilliant Black writers/philosophers.

Take care lovelies, rest well, we've only got half a week left, and then it's back to the weekend. Sending so much love your way.

It's okay to distance yourself from spaces that demand a version of you that is no longer is true.

Belonging shouldn't depend on an illusion.
