06/24/2024 10:16 pm EDT

It seems we have a birthday boy in the house! ☐☐

We're coordinating a little cross-timezone tweetstorm to show some love for our captain, Rhys Darby! Please don't use the hashtag until it's time. ☐

We'll be tweeting later today. Have a look at the graphic below for what time to tweet in your time zone, as well as some tips on how we can avoid overwhelming Rhys with our love. ☐

You can also leave your messages on his kudoboard: <https://ofmdlove.kudoboard.com/boards/H98FA5CE/happybirthdayrhys>

It's our captain's birthday! Show Rhys Darby your love with the hashtag #YouWear50Well! 🐟

Share your favourite projects of his, post your fanart, and celebrate our birthday boy. ❤️

We don't want to overwhelm him, so let's keep it safe for work and avoid tagging him multiple times. There are a few more hours left on this kudoboard as well. The link is in our bio! 🐟❤️
