

07/03/2024 Daily OFMD Recap

07/04/2024 1:51 am EDT

TLDR; Rhys Darby; Taika Waititi; Leslie Jones; Ruibo Qian; Dominic Burgess; Samba Schutte; Logie Awards; AdoptOurCrew; Auxillary Wardrobe Zine; Teal Oranges & Garlic Soup Week Spotlight Cont'd; Fan Spotlight; Love Notes;

New month, new tumblr blog! Thanks everyone, as you probably can tell there's a new blog for the recaps!

@ofmdrecaps for tumblr and a new Twitter: <https://x.com/ofmdrecaps>, and the same old Facebook: <https://www.facebook.com/OFMDDailyRecaps/>

I'm doing this to allow for some more silly shenanigans to happen on my main tumblr, but also keep the recaps available and more easily accessible to those who want them! For the first few weeks I'll be reblogging them from main, but then will eventually move to just @ofmdrecaps so as not to overwhelm anyone following. Thanks so much for reading! I love doing these and I was actually surprised how many people followed! I didn't realize so many people were reading, so tysm that warms my heart and made my day!

There's a new non-profit charity zine starting up-- in honor of our beloved Captain Stede and OFMD!

"From his flamboyant coats to his sword-slashed shirts, we want to celebrate EVERY way that Stede and fashion come together! Whether this be a canon look you're fond of, his job as a luxury fashion designer in an AU, or Stede in a style of clothing you personally love (or lack of clothing... pinups anyone?!) we encourage contributors to

make this prompt their own. This zine will be a digital-only PDF and will consist of a SFW edition and a NSFW edition featuring fanart and fanfic. All proceeds for the zine will go to [Care for Gaza](#)."

== Love Notes ==

Well lovelies, you've made it half way through another week. Only half more to go-- for those of you in the UK, good luck at the elections! For those in the US, tomorrow is July 4th, and while I know there are mixed feelings this year in the US, please remember to take some time to relax and enjoy a day off if you have it.

You're doing so very well friends. There is SO much going on in the world, so much going on in the fandom, so much going on in your lives. But you are still kicking, and I'm so very proud of you for that. If you need to take a break-- do it. Give yourself some grace and get some rest, the world will still be there in a few days. If you've already done that and you're taking some time to yourself-- great job-- you deserve it.

Remember that we will still be here, and we will still love you when you get back. Ed and Stede? Still in love when you get back. They're off terrorising some poor patron of their Inn with stories of being gut stabbed, or forcing them to watch a puppet show they came up with.

You're kicking ass at whatever struggles you are dealing with right now-- give yourself time to celebrate the fact you're surviving them. Rest well lovelies, see you soon <3
