## == Love Notes ==

Hey there Lovelies! Holy Moly! What a week it's been, and it's only Tuesday!! I cannot tell you how nice it is to see so many folks so excited! It's like we got an injection of pure dopamine from all the news, and I'm so happy it's helping everyone feel a little levity!

And you know what?

You deserve a break!

You deserve to feel happy!

It's been a lot lately, and some people might try to shame you for being happy about something while there's so much not so happy going on in the world, but please oh please remember, that you deserve to have happiness too.

Even if it's just a little here or there, or bounds of happiness -- you deserve a break from all the things you have to deal with every day. You deserve a chance to smile, and to laugh, and to enjoy this crazy life we live, and bask in the warm sun, or the cold wind.

You do not need to feel bad for enjoying yourself once in a while. No matter what it is-- even if its

The image features a central graphic with a purple-to-pink gradient background. The top left corner contains the 'PinkNews' logo in white. The background is decorated with various abstract brushstrokes in yellow, black, white, and grey. A central pink horizontal band contains the main text in white, bold font. The overall aesthetic is vibrant and celebratory.

**This week gives the Non-Binary community a chance to celebrate their unique experiences, identities and create visibility and understanding.**

unrelated to the fandom, or anything that's happened the last couple days, please go out today or tomorrow and enjoy something.

Do you like tea? Drink a cup of your favorite tea!

Do you like going for walks? Get on out there and move those legs!

Do you like animals? Find a random neighborhood cat and give it some much needed pets if it's friendly!

Do something that brings YOU joy, not anyone else. Take a moment to savor that feeling, hold it deep down in your chest where you can feel your breath coming in and out, and remember that you deserve to feel that joy, and you don't have to do anything different, or be any different to deserve it.

☒ Sending so many good vibes lovelies-- may your day be filled with excitement and wonder, or calm and love, whatever it is that will brings you joy. ☒
