So in case you ever wondered whether or not the cast of Time Bandits TV love Rachel House, now you do -- several of the cast members filmed themselves in costume when they found her phone in Lisa Kudrow's chair! It's actually super sweet to watch. I didn't notice any spoilers, but just fy!

Our friend [@patchworkpiratebear](#) is still putting out some awesome colouring pages! Illustrating more of our darling [@denizbevan](#)'s fics! There are lots of versions available, so please visit their tumblr for more!

FROM PATCHWORK PIRATE BEAR, FOR DENIZ BEVAN!

*Every pirate captain, captains pirates differently. Traditionally, piracy is a culture of abuse ... floggings, keelhaulings. And my thought is, "why?" ... and also, "what if it weren't like that?" ... For example, if your average pirate doesn't steal, he doesn't eat. That's a lot of mental pressure. So, I pay my crew a salary. Same wage every week, no matter what. Of course, it took them a while to come round to the idea. I've included some amenities on the ship that I think will please them. Rec centre, state-of-the-art en suite, non-humans, the ballroom, jam room. And, of course, a full library. The crew is free to borrow books whenever.*
