Our Flag Means Death (2022-2023)

The Best Pirate Series Out There That Was Canceled Too Soon

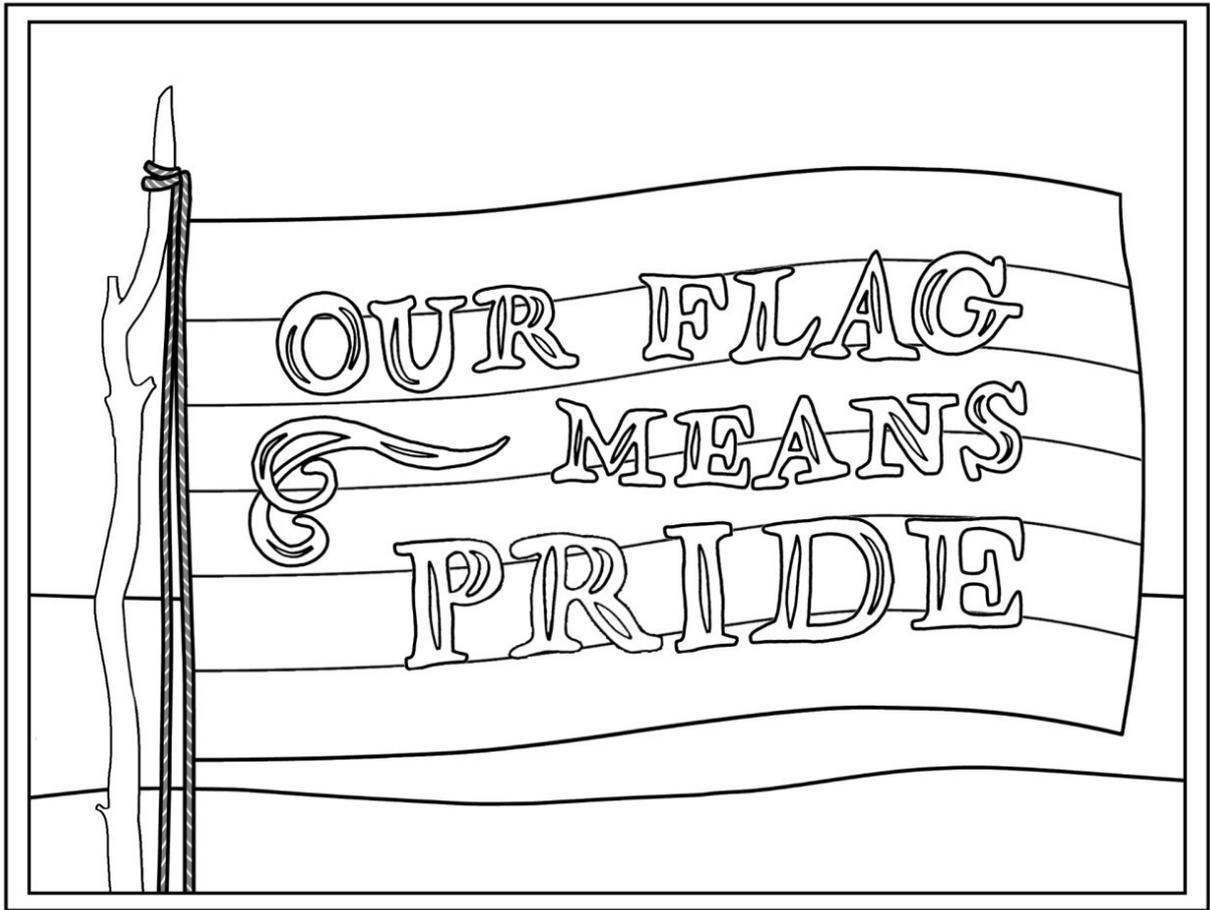

Namely, *Our Flag Means Death* emphasizes pirate crews as historically being accepting of LGBTQ+ individuals and relationships — and the show's queer representation is amazing. It is a comedy, and a good one at that, but some dramatic undertones and storylines hook you before you even realize it. I found myself strangely obsessed with this show's perfect blend of comedy and drama, the various characters' theatrics and romances, and plenty of swashbuckling adventures in between. I will also always recommend this show because I want people to agree with me that its cancellation was an injustice.

Hey Lovelies!!! Found this really adorable artist this weekend and I thought I'd share them with you because they really express a lot of things that I tend to think--- like how much I love you all,

Whenever I'm stuck doing work, or other family/life stuff, I always come back to thinking about this awesome fandom, and how much I miss talking too you all and how much I love all the crazy stuff you all get up to every day! I haven't been interacting as much because it's really hard for me to focus with so much going on (yay neurodivergence!-- but please know I'm watching and laughing, and crying and smiling, and wishing you all the best and cheering you on! Hope the end of the weekend and beginning of the week is treating you wonderfully <3 Take care lovelies!
