Hey friends, my family member finally had surgery and he's alive but there are complications. I've compiled what I can for these two days, idk how useful it is. I'll try to get more done tonight since so much happened today but I'm not sure how far I'll get. Sending hugs and good vibes <3 Thank you for all the kind words and folks checking on me, sorry I'm slow to respond, been a lot the last few days. Pardon me for any mistakes, please feel free to let me know if there are.
