One year ago this teaser dropped. We couldn't share because of the strikes. Hearts were broken, heads exploded. It was beautiful. 🎬❤️✨

David made [a thread of the wonderful shared permanent ink here!](#)

He also made a sweet note and mentioned the #'s.

One thing David DID want to mention though, since he mentioned the numbers were there, our crew mentioned Casey Bloys-- and he did have something to say. Take that as you will. (Sounds like we should focus the Schadenfreude on Zaslav)

Happy Anniversary to Eagle vs Shark! Taika's first feature film!

I like your costume ... I almost came as a shark actually, but then I realised that an eagle's slightly better.

– Jarrod (Jemaine Clement) admires Lily's (Loren Taylor) costume

nzonscreen Eagle or shark – which would you rather be? 🦅🦈

#OnThisDay in 2007, Taika Waititi's first feature film, the brilliant Eagle vs Shark, was released! 🥰

This offbeat comedy follows two quirky misfits trying to find love. Lily crashes Jarrod's fancy dress party in a shark costume and impresses the self-styled 'Eagle Lord' with her gaming prowess. Their budding romance faces some unusual tests...

Lastly for the Cast & Crew tonight, I want to send so many heartfelt condolences to our dear Samson, his father passed away recently. I questioned whether I should share this or not because it's so personal, but I thought it would be appropriate to ask that if you have a moment, please send Samson some love in this hard time.

== Love Notes ==

Hey there lovelies. I'm hoping that life is treating you kindly. It was so very nice to see everyone have such a great day on the 30th. I know how hard it's been since the cancellation for so many folks, so it's beautiful to see so many people having so much fun-- and seeing David participate!

I wanted to suggest, if you haven't gotten a chance to-- this would be a great time to rewatch OFMD. I know a lot of folks have watched it a lot.. and others haven't had the heart to do so after the cancellation.

I can't tell you how cathartic watching it again has been. I've watched it over and over again.. and every time I get to experience the joy and wonder of this positively beautiful show we got to share. If you're not ready though, please don't feel bad. Grief takes a long time to cope with...and if you need support, lean on your crew. Everyone is experiencing grief differently, but we're all here together.

What we got was a stunning work of art, that if we don't get an s3 is imperfectly perfect in it's own way. It's what brought so many of us together. It inspired so much wonderful art, fic, gifs, friendships, meta, kindness, confidence, and love. It boosted some of our lovely cast & crew, and gave us a place to grow together. If we DO get an s3 one day, it'll be yet another chapter to this exquisite book of queer joy.

I hope you're getting some rest lovelies, be kind to yourself today if you can <3
