#ofmd short story 🦋 One night we were all having dinner as a cast and a fun fan spotted us, AND Nathan - whose identity was supposed to be a secret surprise 🤫 So we made them promise to keep it a secret, which they did, and made Nathan take the group photo. The end.

## Biography and memoir

### Beyond the Throne

BY KRISTIAN NAIRN

“

If you're a Game of Thrones fan—more specifically, a Hodor fan—then you can't miss this memoir from the actor who brought to life one of the show's most beloved characters. Revelations from Nairn's personal life and behind-the-scenes stories show a different side to this gentle giant.

#### = Wee John Wednesday Notes =

Some fun OFMD News: He's gonna try to do a WJW Live at Rose City Comic Con in Portland this upcoming weekend (and drag some other cast members into it if he can).

Kristian shared some awesome gifts people gave him! (He said you do not have to bring gifts to meet him but he will always love them, but don't feel bad if you don't please!) Some I recognized from various artists we know (but there were a lot more):

- [@smudgeandfrank](#)
- [@/samanthareiofficial](#)
- [@/unclear\\_atypicality](#)
- [@/bairnecessitiesco](#) Kristian has a website with his books on it-- but he's got some limited edition Guitar Picks he's got on sale, there's only 100 available. He is also getting a WJW put up soon! Not available quite yet though.

Other fun things:

1. Kristian loves Rabbits!
2. He's getting some rune tattoos in Portland when he visits Rose City Comic Con!

It's a feel-good workplace romantic comedy that takes place on a pirate ship. You can't help but fall in love with all the characters! There's so much rich depth to the story — it'll make you laugh, it'll make you cry, it'll cradle your heart and it'll make you believe in soulmates. — Isra

It is simply a breath of fresh air. It's funny, creative, cute, sweet and, at times, heartbreaking. You can tell

by watching that everyone on set adored working on the show and poured their entire souls into it. It deserves its third and final season. — Jules

Gay pirates in a rom-com that will tear your heart out of your chest and then shove it back in. It has one of the most diverse casts on TV, elaborate costumes and an inspired soundtrack, from Fleetwood Mac to Erik Satie and Kate Bush to Bach. Plus, there are sea witches, revenge, rampant and unabashed historical inaccuracy, jungle cats, scurvy and Pinocchio. — Bren

## == Love Notes ==

Hey lovelies. Love Notes are brief tonight. I just wanted to remind you that kindness is one of the greatest gifts you can give to yourself and anyone else. It's not free, but it costs a lot less than most things. No matter how hard things have been, no matter how much kindness you've received, kindness continues to be one of the greatest world-changers and you're still trying to be kind, and I am so proud of you for that. You are so very lovely, don't forget that <3
