**ANNOUNCEMENT: VICO
ORTIZ IS NARRATING THE
AUDIOBOOK FOR
“AMERICAN TEENAGER!”
PRE-ORDER TODAY**

queernewsdaily 🌈 So pleased to finally announce publicly that a very special narrator will be lending their voice to the "American Teenager" audiobook: Vico Ortiz!

Vico is an incredible drag performer, advocate, and actor who has appeared in TV shows like "The S*x Lives of College Girls," "Vida," "American Horror Story," "The Fosters," and "Everything's Gonna Be Okay." You may know Vico from their groundbreaking and acclaimed role on HBO Max's very, very queer comedy "Our Flag Means Death," where they portrayed the pirate Jimenez. Seeing a Latine nonbinary person on the show meant so much to members of my community, and I was truly honored that they would agree to help uplift this book. There's also some beautiful synergy in it: For those who aren't already aware, "American Teenager" is a work of nonfiction following seven families of trans youth in seven different states, and our Alabama family is Puerto Rican. (I got to spend two and a half weeks eating my weight in piñon. It's a good life.) Knowing that their story will be voiced by a Puerto Rican person feels really special and really rare, and it makes me so incredibly happy. I haven't told the family yet because I wanted it to be a surprise, but something tells me they'll know now! Can't wait for that text!

You can preorder the audiobook now at Libro.fm, Barnes & Noble, and other retailers ahead of its October 8 release date. Thank you again to Vico for being part of "American Teenager" and to every person who has supported this book, in whatever way you can. We're less than a month out, and I couldn't be more excited.

P.S. L.A. folks, come out for our launch party at Skylight Books on release day! 7pm!

We loved seeing Twitter explode with "baby, baby, baby" last week so we're doing it all over again for the trailer!

Just like last time, schedule a QRT of the trailer at the exact time David posted it!

Not sure what time to post? Here's a cheat sheet timeanddate.com/worldclock/fix...

We loved seeing the timeline explode with "baby, baby, baby" for the anniversary of the S2 teaser so let's do it again for the trailer!

How: Schedule a QRT of David Jenkins' trailer tweet that says:

Because the night belongs to lovers.

== Love Notes ==

Tonight, since the delightful Illustory Art gave me permission to spotlight some of their works, I'm gonna add a couple from their Good Omens Deck to the Love Notes since I just feel so warm and fuzzy inside when I look at them <3

Remember lovelies that you can do anything. You don't have to do everything, even though sometimes it feels like you need to-- but you have the potential to do so many many wonderful things. Please be kind to yourself and give yourself a break, you're getting to where you want/need

to go in your own time. Rest up and keep on keeping on <3

be nicer
to yourself,
dear
