TLDR; David Jenkins/More Honking; Taika Waititi; Samba Schutte; Kristian Nairn; Nathan Foad; OFMD Rewind; Fan Spotlight: Our Flag Mean Fanfiction Podcast / Never Left Podcast; Love Notes;

Hey crew! In the essence of I'm gonna keep this fairly short and pick some back up in 10/1. Still spending quite a lot of time with my dad at the hospital (he is slowly recovering! but it's taking a lot of time to drive to and from and also work).

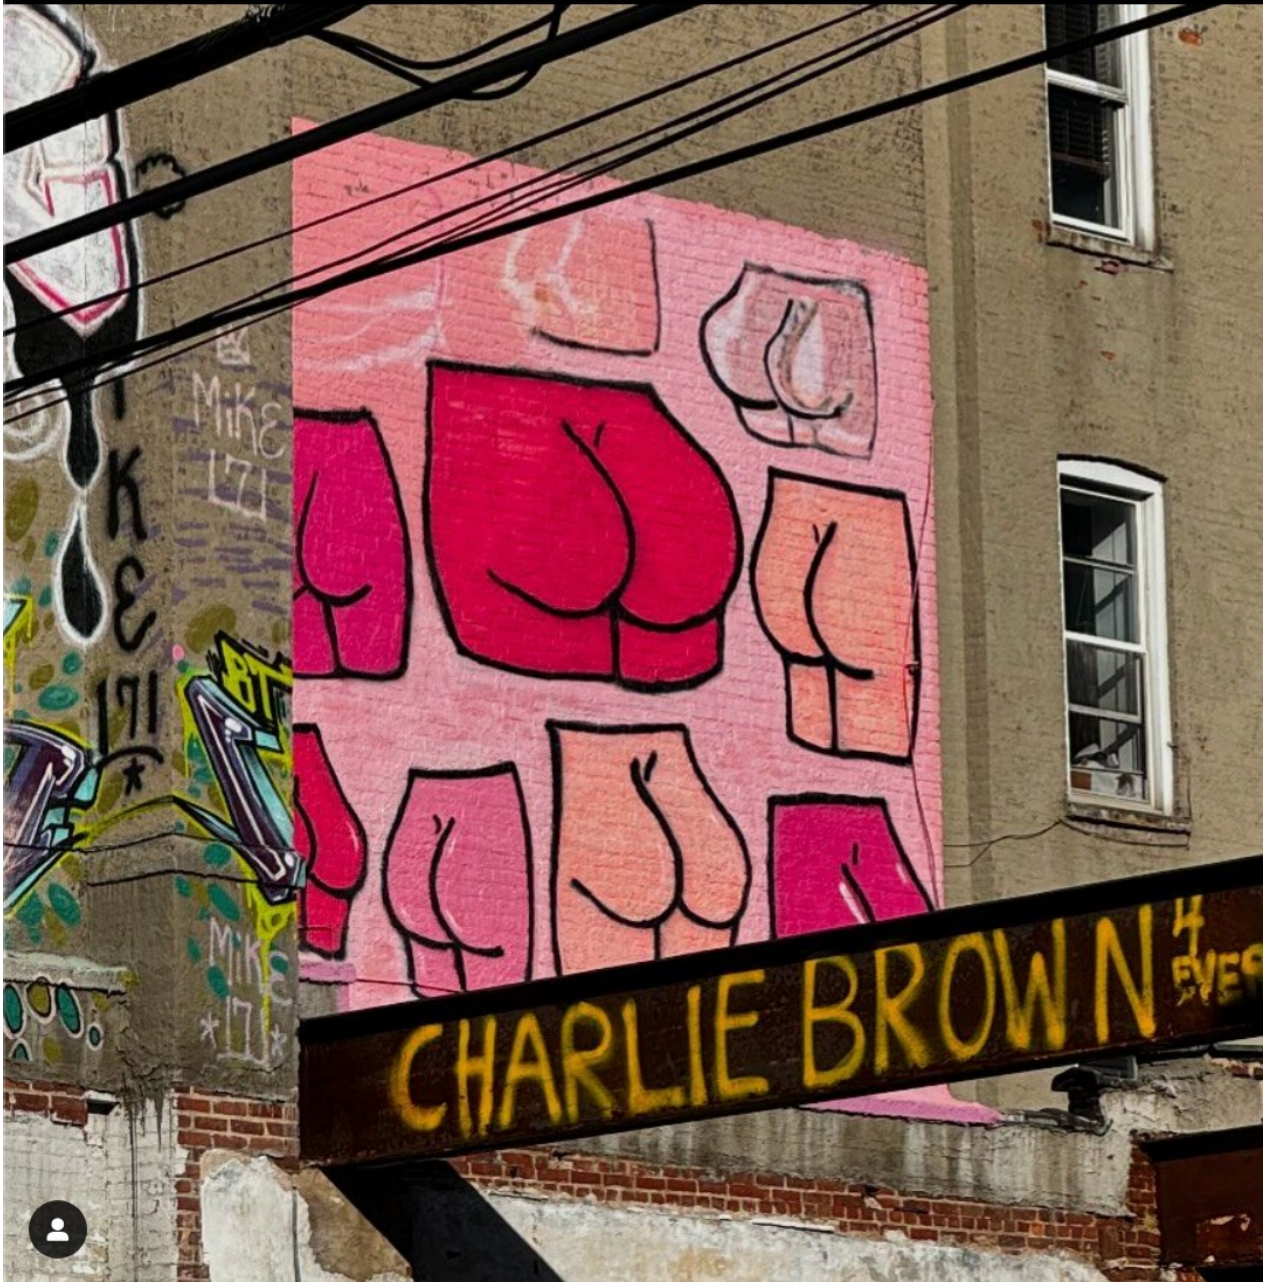

## == David Jenkins ==

Well Chaos Dad is back causing a mass honking across the internet today. He found some lovely ass-work in queens and decided to post about it! OFMD Insta however apparently really got on him because he made an edit saying he had to add "#asstonight". Y'all are the best.

EDIT: Apparently OFMD Insta is asking me to say \*adjusts glasses, checks notes\*:  
#asstonight (surprisingly wholesome 🤔🤔)

So, one thing to note is that there's quite a lot of clowning around this because of the song David chose to use: "Angela" which was the theme song for "Taxi".

[@adoptourcrew](#) pointed out that not only was Taxi picked up by another network, but that Sept 30 was the day Taxi Premiered on NBC after it'd been picked up. Just something more to clown about for you!

Curious that September 30 is the day *Taxi* premiered on NBC after it had been picked up post-cancellation 🙄 #AssTonight

We couldn't help but notice that David chose the theme song to "Taxi", which was cancelled and then picked up by another network. 🚕

## == Love Notes ==

Hey there lovelies! Happy start to the week! It's officially October as of the day I'm posting this! Welcome to spooky season! I know things have been... a bit stressful in the fandom lately. I know everyone has feelings about different things, and I'm purposefully being vague because I don't want anyone to feel called out.

Whatever happens, whatever frustrations we have with one another crew, remember that that's how families operate. Even the best of friends or families have times of not understanding or agreeing with one another. That doesn't mean you should "put up with it" but just know that it's something that happens regularly, ok? Whatever you need, and it doesn't have to be permanent, just do things to help you feel comfortable.

Not sure how you feel and wanna talk about it? Reach out to friend over DM. We all have our own ways of processing things, and I know there are plenty of people who are willing to talk. I'd like to delve more into this but I'm pretty swamped.

Sending love crew, it's gonna be okay <3
