

Advanced Chemistry Info/Review Requests

10/15/2024 5:36 pm EDT

Hey folks! Our buddy Samba's new movie Advanced Chemistry is available on multiple platforms!

- [Amazon](#)
- [Fandango At Home](#)

- [Apple TV](#)

Your browser does not support HTML5 video.

Samba and team are asking for folks to review/rate the movie to help boost it, and show off Samba's awesome skills. Once you've watched, please take a few minutes to review about Samba and the film itself on these platforms? (Amazon and Rotten Tomatoes are the two big ones according to the Advanced Chemistry team!)
