== David Jenkins & Alex Sherman ==

Well, first off, our friend @/heyhayley on twitter coined a lovely new term, and David seemed to like it to! Gentlebabe it is!

Next up, David and Alex were kind enough to answer several fans requests for which writers came up with which jokes!

David Jenkins @david_jenkins__ · Oct 27

Coulda been me, Alyssa, Alex or Simone can't remember

you suspend ✨JEFF✨ like the football??? 🗨️ @jailforjeff · Oct 27
@CapitalWLD, thoughts?

Alex Sherman @CapitalWLD · 23h

I'm pretty sure it was Eliza. When she was writing the ep I remember pitching her that Blackbeard should spill his guts to a rabbit and she yes-anded it to the extreme and had him really monologue to the little guy.

David Jenkins @david_jenkins__ · 12h

Yes! I remember that. "Who did summer teeth"? Was it you & Alyssa or Yvonne?

Alex Sherman @CapitalWLD · 8h

That feels very Yvonne.

David Jenkins @david_jenkins__ · 5h

Yup. "We Gull Way Back" is Yvonne

Do you have a favourite one liner in S2? — scripted or otherwise—

Alex Sherman @CapitalWLD · 23h

"I saw her boobs. Both of them." Most of the time we were rewriting scenes separately and passing them back and forth. But this was one of the few times we all rewrote together, and we were all just so slap-happy from a long day that things just kept getting sillier and sillier.

NCIS recap: Enter the extremely haunted hunting lodge

There's no brawl like a Halloween brawl.

Even more importantly, Wanda is played by [Donna Mills](#) of [Knot's Landing](#) fame! She and her personal assistant, Leonard (Dominic Burgess of "hey, it's that guy!" fame), arrive at NCIS HQ to get to the bottom of how her house ended up on the Host Hopper app for \$90 a night. (Wanda and Leonard are crisp and delightful, making them the fun-sized Butterfingers of the episode.)

== Love Notes ==

Hoo boy. There's been a lot over the last couple days. Sorry again for the delays crew.. and thank you so much for all the kindness and love you've been sending to me and my dad.

I just wanted to say tonight that it's been so damn lovely seeing everyone happy again. Sure there's been some conjecture too as there always will be with big fan events, but for the most part-- the pure amount of joy and fun that came out of Babe Day and the S2 Finale Anniversary was something that recharged my tired heart with love. Especially with David, Alex, Samba, and everyone else who joined into the mix answering questions or sharing BTS.

The fandom feels electric and alive, and I hope we still stay that way going forward until we inevitably hear about S3 (I'm manifesting, you can't stop me!).

I truly hope your week is filled of fun, and joy, and love and that you get some much needed rest.

Take care Crew <3 Thinking of you.
