Hey all! Sorry after tumblr killed my drafts I lost all motivation because I was very grumpy so this is much later than intended-- but it did let me get a hold of a few more lovely folks so it worked out!!

= Rhys, Con, Nathan, Vico, and Kristian =

So many of you got to make it to the Republic of Pirates Con this past weekend with Starfury Conventions! It sounded like a completely bonkers, amazing con! So many cool pictures from cast and crew, and fans alike!

= Zayre Ferrer =

One of our Fab writers, Zayre Ferrer has been doing an "Imaginary Spin Off Series" set of posts where they are coming up with amazing spin off ideas for shows that have ended/been cancelled. Their latest is Nana-- but if you aren't already following along, there are some pretty bad ass ones in there!

#13: Our Flag Means Death: Bad Habits

Nana calls Jim home—it's time to join the family business. Assassin nuns taking out corrupt colonial powers in the chaos of the 18th century. Jim will do the killing, but they're not wearing the outfit. Faith, family, and sharp knives—what could go wrong?

Imaginary Spin-Offs I'm Watching:

#12: Game of Thrones: Banthos

Arya sails beyond the Summer Isles to Banthos, a badass matriarchal empire where the ancient Ancestors of Man are rising from the deep sea to reclaim the earth. Old enemies must choose to fight together or die together. #BanthosYall

== Voting Reminder! ==

Voyage of the Damned by Frances White, and audiobook narrated by our beloved Lucius, Nathan Foad has made it to the final rounds of the 2024 Goodreads Choice Awards. If you enjoyed it and want to support it, can you please give it a vote when you have a moment? Thanks!

== Love Notes ==

Hey there lovelies! I hope those of you who got to go to the convention this past weekend had such an amazing time! Those of us on the opposite side of the world, or

who couldn't make it really appreciate all the love and sharing you did! It sounds like

Imaginary Spin-Offs I'm Watching:

#11: Cloak & Drag-Her

The reality show is just a front. RuPaul recruits the fiercest queens for an international drag spy ring, infiltrating governments and crime syndicates to save the world—one lip sync at a time. Wigs are weapons. Death drops are really deadly.

you had such a blast!

One thing I want to send is many many hugs because I know there's always the post-con funk that can happen, and I know coming down from that high can be a bit rough! Just remember to be kind with yourself and give yourself some extra grace if you're having some big feelings this week okay?

Prioritize you!

Things will look up again, and I hope you have those beautiful memories keeping you warm while they do <3
