And there's more Darby Daily Doodles up on Rhys' Substack!

The boys are back together!

Hey my dudes!  
Hope I didn't freak you out! I saw a couple of MIBs down there!

How did you get here in this UFO Darbs??

You were right Dan, that Alien Temple was a trap. A trap disguised as a gift shop! Luckily a Yowie followed me in there, so I nabbed a helmet (obviously) and slipped back out just as the bars fell down. I heard a scout ship land and 3 beings in berets..

BIBs?

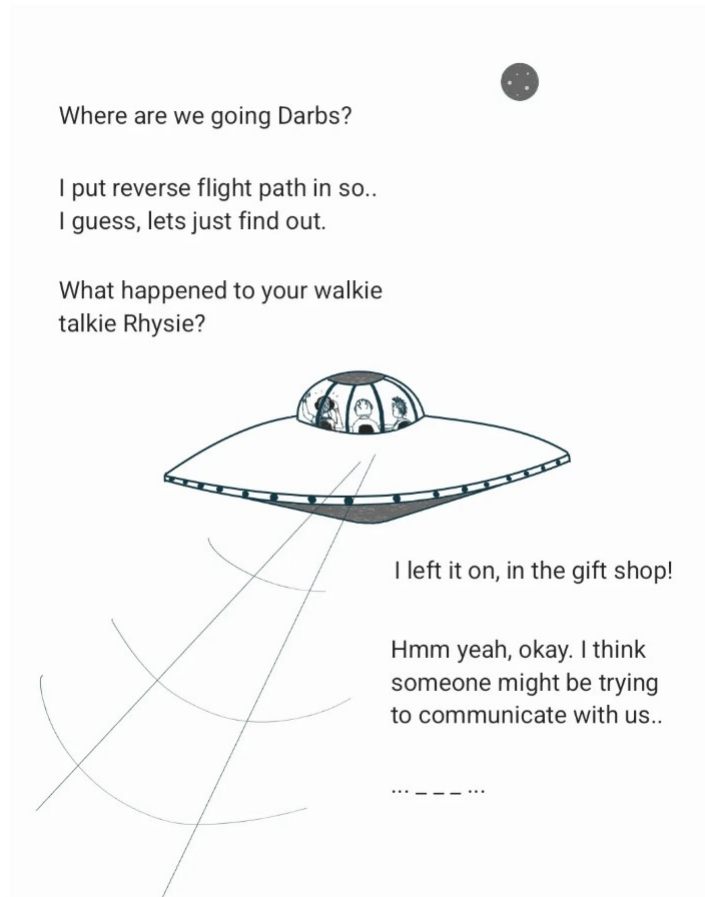

Yeah, 3 of them opened the trap as I hid behind a pillar. Then I pushed a button on the outside that locked them all in there. The bars came down again. They were shocked!

The hunters became the hunted!

Something like that! Anyway, I stole the ship and flew out through a worm hole!

This is the greatest day of my life! Finally abducted by a ufo and It's bloody Rhysie!!

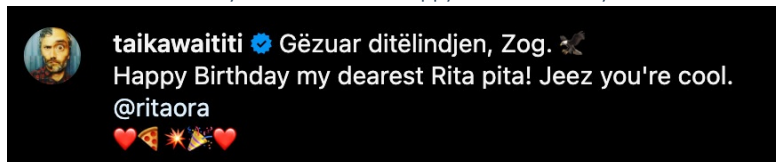

Happy Thanksgiving America!

there is a lot  
of pressure to  
give

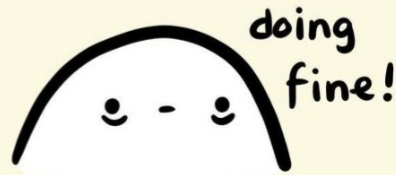

and when you  
run out, or just  
can't give, it  
feels TERRIBLE!!!-  
and you feel like  
a rotten person

give your time,  
effort, every ounce  
you have... all your  
energy

give yourself a  
break, you are  
one person trying  
their best in an  
often hectic  
world - you're

doing  
fine!
