PATCHWORK PIRATE BEAR

Every pirate captain, captains pirates differently. Traditionally, piracy is a culture of abuse... floggings, keelhauling. And my thought is, "why?"... and also, "what if it weren't like that?"...

For example, if your average pirate doesn't steal, he doesn't eat. That's a lot of mental pressure. So, I pay my crew a salary. Same wage every week, no matter what. Of course, it took them a while to come round to the idea.

"Avast ye!" I snapped. The smell of death permeated the room, electric in its tang. P-p-p-please don't kill me! Nigel whined, having soiled himself.

June the third. An excellent day! Raided a commercial vessel after overwhelming the Hardy crew. We claimed a prize of lush vegetation in conquest.

They'll never forget the Eccentric Pirate Bonnet and his savage, insane, vengeful pirate horde.

I've included some amenities on the ship that I think will please them. Roo center, state-of-the-art on suite, non-humans, the bathroom, jam room. And of course, a full library. The crew is free to borrow books whenever.
