### Number of seasons: 2

"*Our Flag Means Death* should have been allowed its final season. It was such a groundbreaking show. I've never seen myself portrayed so clearly on screen."

—[jennifers94](#)

"*Our Flag Means Death* gave me so much. I have more friends and more respect and love for myself, to name a few. Its inclusive queer storylines, and representation of neurodivergence made me feel seen and respected for the first time in a long time. We deserve to hear our story told and to see what the final season will bring."

—[lindsayplaizier](#)

"I can't stress enough how much I want just one more season of *Our Flag Means Death*. It was written to be three seasons, and not only was the second season criminally shortened, affecting the quality, but then the third was unceremoniously cancelled. And it had the viewership!!!!"

On account of The Happenings, I'm trying to find ways to turn poison into positivity.

This is why I am going to raffle off a muppet of mer Stede from OFMD for charity!

Behold, the glittery golden goldfish of a merperson.

Tail and fins are all fully detachable for ease of transport/shipping with an opening in the back so he can be wrangled with the tail attached. Nips are an optional extra 😊

I'll be able to cover all shipping costs so you don't need to worry about that, but if you want to chip in, my ko-fi is there:
