Our dear [@temporal-discounting](#), Ruth was kind enough to share her beautiful ink, and David commented on the vibe!

It's the turning point in the first season, he actually becomes a captain in this moment. He's willing to risk offending Ed to stand up for his crew and the general vibe of the Revenge.

One of my favourite moments in the whole show, and the reason I got this tattoo.

Because Stede can be strong and soft. He can be a leader and he can protect the people he loves while still being his whole, authentic self.

And if he can, then maybe I can, too

== Love Notes ==

Hey lovelies. I know that Mother's Day can be a mixed experience depending on your

personal situation. If receiving a belated mother's day wish makes you happy-- then I

Sailor's swim

am sending them your way-- if it's complicated, or hurtful, I'm sending hugs instead.

You are wonderful, and perfect as you are no matter what.
