(Love [Pirate character] Stede from the Tumblr sex symbol TV show, Our Flag Means Death)

With Our Flag Means Death, you went from "that guy from Flight of the Conchords" to a Tumblr sex symbol overnight. What was that like?

I'm a comedy guy, not a sex symbol. [Pirate character] Stede wore some very attractive attire but is still a very insecure, bizarre, weird little man who has to try and find himself. The character was perfect for me because I like dressing up, being the captain, and I do overcompensate with authority because I really have no idea what I'm doing. There were definitely some similarities there, but I was not expecting anything on a sexual note from fans. The audience are amazing. They really come to the table, but it was a little bit too much for me.
